This is our dining setup.
This varies slightly depending on group size. We can offer fully seated groups of up to 80 people for private dinners/brunches.

The maximum furniture we can offer will accommodate for up to 80 seated. For groups lower than 80 people, we will set up for the appropriate amount of furniture.

Plan 2

best for drinking/dancing. This consists of 4 large tables along the sides of the garden, bookended with 4 smaller tables. We can accommodate for buffet food. The Garden is quite a large space already, but if you like, we can also push tables all the way to the side to create even more space.
